European Arthroscopy Fellowship 2022

SFA / AGA / SIAGASCOT / AEA / SPAT / ESSKA

September 21st – October 15th

French Arthroscopic Society (SFA)
Society for Arthroscopy and Joint Surgery (AGA)
Italian Society of Arthroscopy, Knee Surgery, Upper Limb, Sport, Cartilage, Orthopaedic Technologies (SIAGASCOT)
Spanish Arthroscopy Society (AEA)
Portuguese Arthroscopy and Sports Trauma Society (SPAT)
European Society of Sports traumatology Knee Surgery and Arthroscopy (ESSKA)

Organization:
Nives Sagramola (Italy)
International Secretariats:
Joseph Ramech (ESSKA)
Eva Pinz (Austria)
Céline Bancheraud & Corine Bensimon (France)
Toñi Nogales (Spain)
Ana Bareira (Portugal

PRESIDENTS OF THE DIFFERENT SOCIETIES
Thomas BAUER (SFA)
Philipp R. HEUBERER (AGA)
Giovanni DI GIACOMO (SIAGASCOT)
José Luis PRIETO DEZA (AEA)
Manuel VIEIRA DA SILVA (SPAT)
Roland BECKER (ESSKA)

Destinations of the Fellowship:
Larissa (Greece)
Innsbruck (Austria) & Basel (Switzerland)
Paris & Boulogne (France)
Bari (Italy)
Granada (Spain)
Lisbon (Portugal)

European Arthroscopy Fellowship 2022

SFA / AGA / SIAGASCOT / AEA / SPAT / ESSKA

September 21st – October 15th

The fellows:

ESSKA fellow:

Anca Gabriela Stoianov

Birth date: 12-05-1985

Medic specialist Ortopedie-Traumatologie

Ambulator Sportivi Spitalul Judetean de Urgenta Timisoara

Phone number: +40723012510

Mail : anca.stoianov@gmail.com

AGA fellow:

MICHAEL WORLICEK

Schultessklinik

Lengghalde 2,

8008 Zürich, Schweiz

Mobile: 0049 171 86 7565

Mail : michael.worlicek@gmx.de

www.schulthess-klinik.ch/de

SFA fellow:

CÉSAR PRAZ

Praticien Hospitalier

Chirurgie Orthopédique CHU CAEN NORMANDIE

Adresse : 20 rue Michel

Cabieu , 14000 CAEN FRANCE

Tel : 06 01 05 23 89

Mail : cesarpraz@gmail.com

SIAGASCOT fellow:

FRANCESCO LUCERI

Birth date: 01/11/1988

Indirizzo Via Vigilio Inama 19, 20133 Milano (MI)

Tel: +39 338 7868147

Mail : DrLuceri.Francesco@gmail.com; F.Luceri88@gmail.com

AEA fellow:

BRUNO MICHELE CAPURRO SOLER

Birth date: 06/09/1986

Dirección correo electrónico: doctor.capurro@gmail.com

Dirección particular: Carrer de la Palla 15, 4º-3ª

Ciudad: Barcelona Código postal: 08002 Teléfono: 678131438

European Arthroscopy Fellowship 2022

SFA / AGA / SIAGASCOT / AEA / SPAT / ESSKA

September 21st – October 15th

<u>Their oral presentations</u>:

Dr MICHAEL WORLICEK

1. Traumatic dislocation of the knee – therapeutic concepts
2. Treatment of cartilage damage - the minced cartilage technique
3. Tendonruptures of the kneejoint – diagnosis and therapy

Dr CÉSAR PRAZ

1. Epidemiological Evaluation of Meniscal Ramp Lesions in 3214 ACL-Injured Knees from the Santi Database: A Risk Factor Analysis and Study of Secondary Meniscectomy Rates Following 769 Ramp Repairs.
2. Very long-term osteoarthritis rate after anterior cruciate ligament reconstruction: 182 cases with 22-year' follow-up
3. Meniscus repair in patients over 40 years old with stable knee: a monocentric retrospective study
4. Determining Patient Acceptable Symptom State after multiligament knee reconstruction
5. Risk factors for Lateral Meniscus Posterior Root Tears in the Anterior Cruciate Ligament Injured Knee: An Epidemiological Analysis of 3956 2 Patients from the SANTI database
6. Combined Anterior Cruciate and Anterolateral Ligament Reconstruction in the Professional Athlete: Clinical Outcomes from the Scientific Anterior Cruciate Ligament Network International Study Group in a Series of 70 Patients with a Minimum Follow-Up of 2 Years

Dr FRANCESCO LUCERI

1. Effects of sagittal tibial osteotomy on frontal alignment of the knee and patellar height
2. How does isolated medial patellofemoral ligament reconstruction influence patellar height?
3. Novel radiographic indexes for elbow stability assessment

Dr BRUNO MICHELE CAPURRO SOLER

1. Hip labrum reconstruction with polyurethane scaffold. Cadaveric biomechanical study.
2. Anatomy and Isometry of a Quasi-Anatomical Reconstruction of the Medial Patellofemoral Ligament.
3. Anatomical landmarks for a safe arthroscopic approach to the deep gluteal space.

Dr ANCA GABRIELA STOIANOV

1. Dynamic Ultrasound Assessment of the Anterior Tibial Translation for Anterior Cruciate Ligament Tears Diagnostic
2. Repair of osteocartilaginous defects in the knee using a new type of implant
3. How my life as a junior doctor changed due to the pandemic

The fellow's CVs were attached to the accompanying email

European Arthroscopy Fellowship 2022

SFA / AGA / SIAGASCOT / AEA / SPAT / ESSKA

September 21st – October 15th

ARRIVAL at **Thessaloniki** (SKG) September 21st (fellows will arrive between 13.00-18.30)

Wednesday September 21st 2022

Upon arrival of the last fellow, a mini-bus will be waiting to pick up all the fellows. Professor Michael Hantes will be there also to accompany the fellows to Larisa. We will have a dinner in a nice restaurant during our way to Larisa (close to mountain Olympus) around 20.00.
Arrival at Larisa around 23.00 to your hotel.
Larisa is 140 km away from Thessaloniki airport (1 hour and a half driving).

Thursday September 22nd 2022 (detailed programme on the next page)

We will pick you up from your hotel around 7.30 in the morning to the University Hospital of Larisa, in the operating theater (8.30-15.00) to attend surgical cases. We will have a light lunch at the Orthopaedic department and then we will move to the Medical Scholl, at the "Hippocrates" auditorium for the lecture program (16.30-20.30).
After that we will have our dinner in a traditional Greek restaurant.

Friday September 23rd 2022

We will pick you up from your hotel around 8.30 in the morning to the Anatomy lab of the Medical School University of Thessaly.
Open and Arthroscopic Dissection on a cadaver knee and lectures by Professor A. Zibis (9.00-14.00).

15.00 Lunch

Free afternoon/evening to visit the city.

Saturday September 24th 2022

We will pick you up at 9.00 to visit Meteora (70 km away from Larisa) which is a unique place (Orthodox monasteries built on the top of limestone rocks) with a spectacular view.
Back to Larissa and lunch at 14.00

16.00-20.00 free time

20.00 Dinner

Sunday September 24th 2022

Transfer to Thessaloniki airport at 9.00

European Arthroscopy Fellowship 2022

SFA / AGA / SIAGASCOT / AEA / SPAT / ESSKA

September 21st – October 15th

Thursday September 22nd 2022

Faculty of Medicine, University of Thessaly

A. STOIANOV (Romania) | **M. WORLICEK** (Switzerland) | **C. PRAZ** (France) | **F. LUCERI** (Italy) | **B. SOLER** (Spain)

PROGRAMME OF THE SCIENTIFIC SESSION

16.30-16.40 *Welcome to Ortho-UTH*
Prof. M. HANTES, Dept of Orthopaedic Surgery & Musculoskeletal Trauma, University of Thessaly, GREECE.

16.40 -17.00 *How does isolated medial patellofemoral ligament reconstruction influence patellar height*?
Dr. Francesco LUCERI, Milano**,** ITALY

17.00-17.20 *Anatomy and Isometry of a Quasi-Anatomical Reconstruction of the Medial Patellofemoral Ligament.*
Dr. Bruno Michele Capurro SOLER, Barcelona, SPAIN

17.20-17.40 *Novel Implant-Free Loop Tenodesis vs. Simple Tenotomy of the Long Biceps Tendon*
Dr. Michael WORLICEK, Zürich, SWITZERLAND

17.40-18.00 *Management of distal biceps rupture*
Prof S. VARITIMIDIS, Dept of Orthopaedic Surgery & Musculoskeletal Trauma, University of Thessaly, GREECE

18.00-18.20 Coffee break

18.20-18.40 *Repair of osteocartilaginous defects in the knee using a new type of implant*
Dr. Anca Gabriela STOIANOV, Timisoara, ROMANIA

18.40-19.00 *Epidemiological Evaluation of Meniscal Ramp Lesions in 3214 ACL-Injured Knees from the Santi Database: A Risk Factor Analysis and Study of Secondary Meniscectomy Rates Following 769 Ramp Repairs.*
Dr. Cesar PRAZ, Caen, FRANCE

19.00-19.40 *Meniscal bucket handle tears: why you should repair them*
Prof. M. HANTES, Dept of Orthopaedic Surgery & Musculoskeletal Trauma, University of Thessaly, GREECE

19.40-20.00 *Hippocrates from Kos to THESSALY & around the Globe*
Prof. K.N. MALIZOS, Dept of Orthopaedic Surgery & Musculoskeletal Trauma, University of Thessaly, GREECE

20.00-20.20 Discussion

PROF BIAGIO MORETTI _ CHAIRMENT OF ORTHOPAEDIC DEPARTMENT

DOTT. LORENZO MORETTI _ EDUCATION COMITTEE CHEEF IN SIAGASCOT

PROF GIUSEPPE SOLARINO _ NEW TECNOLOGIES COMITTEE IN SIAGASCOT

Where we are and what we do:

The Department of Orthopaedics and Traumatology of the University Hospital Policlinico di Bari, located in Piazza Giulio Cesare 11, is headed by Prof. Biagio Moretti.
It has an ultra-specialist sports traumatology unit, hip-knee prosthetic surgery, pediatric and adult foot surgery, oncological orthopaedics, ultrasound imaging, osteoporosis and shock waves, shoulder and elbow surgery, spine surgery and traumatology.
The Operating Unit is arranged with autonomous operating rooms located in the same building equipped with technologically advanced devices allowing to carry out any type of orthopaedic surgery including that of particular complexity such as vertebral surgery for scoliosis, minimally invasive surgery, prosthetic surgery of revision and trauma surgery of the pelvis.

Policlinico di Bari - University of Bari “Aldo Moro”

Department Orthopaedics and Traumatology - University of Bari “Aldo Moro”

European Arthroscopy Fellowship 2022

SFA / AGA / SIAGASCOT / AEA / SPAT / ESSKA

September 21st – October 15th

WHAT YOU WILL DO?

Briefing

Normally, every Monday, Wednesday and Friday at 8:00 a.m. the activities of the dept start with a briefing in which are discussed the cases treated and to be treated in the clinic. The purpose of these meetings is to understand what to do in order to better treat patients and minimize the failures, as well as to train younger doctors thanks to the experience of expert surgeons.

Pathologies to discuss:

- Meniscal and cruciate ligament lesions
- Rotator cuff injuries
- Fractures legs and upper limb
- Fractures of the femur
- Scoliosis and spine disorders
- Knee and hip arthrosis
- Sport medicine

On Thursday morning the fellow colleagues will have to present themself and exhibit a short presentation of an orthopaedic pathology. Pathologies to discuss:

- Meniscal and cruciate ligament lesions
- Rotator cuff injuries
- Sport medicine

Operating room

The fellows will attend interventions of various complexity regarding:

- Arthroscopy knee and shoulder
- Medial pivot knee prosthesis
- Sport medicine
- Others

Other activities

- Follow the patients visits and dressings
- PRP management
- Ambulatory visit to actively visit patients
- How to make a plaster cast and bendage

After work:

On Saturday afternoon and Sunday morning we will meet for dinner to taste our typical Puglia dishes and to explore the city of Bari, the nearest cities and their secrets.

Accommodation:

BEE APARTMENT – Bari – II Traversa di Via Tommaso Storelli N. 7C, 70026, Italy.
Near the hospital (100 mt).
